

Chief Financial Officer

Description

As a key member of the Executive Management team, the Chief Financial Officer will report to the CEO and assume a strategic role in the overall management of the company. The CFO will have primary day-to-day responsibility for planning, implementing, managing and controlling all financial-related activities of the company. This will include direct responsibility for accounting, finance, forecasting, strategic planning, project costing, legal, property management, deal analysis, investor relationships and compliance and private and institutional financing.

Responsibilities:

- Provide leadership in the development for the continuous evaluation of short and long-term strategic financial objectives.
- Ensure credibility of Finance group by providing timely and accurate analysis of budgets, financial trends and forecasts.
- Take hands-on lead position of developing, implementing, and maintaining a comprehensive project cost system.
- Direct and oversee all aspects of the Finance & Accounting functions of the organization.
- Evaluates and advises on the impact of long-range planning, introduction of new programs/strategies and regulatory action.
- Establish and maintain strong relationships with senior executives to identify their needs and seek full range of business solutions.
- Provide executive management with advice on the financial implications of business activities and strategies.
- Manage processes for financial forecasting, budgets and consolidation and reporting to the Company.
- Provide recommendations to strategically enhance financial performance and business opportunities.
- Ensure that effective internal controls are in place and ensure compliance with GAAP and applicable federal, state and local regulatory laws and rules for financial and tax reporting.
- Work with independent CPA firm on annual audits.

Requirements

- BS in Accounting or Finance, MBA and/or CPA.
- 20+ years in progressively responsible financial leadership roles, preferably in public accounting and/or with high growth companies in the tech sector.
- Experience in successfully implementing cash management and other critical accounting processes.
- Experience building a highly effective finance team from the ground up in a company delivering triple digit growth.

- Ideally experienced selecting and implementing an ERP system.
- Comfortable taking the position that advocates for the best use of financial resources, even if the CEO and Founder see otherwise.
- Ability to tackle the dual role of financial expert and strategic consultant to the CEO
- Quickly learn the ins and outs of the company's business and help create—not just monitor—its direction.
- A keen understanding that the CFO's unique knowledge of the company's financial standing plays a crucial role in determining the business capacity of making the CEO's decisions a reality.

Desirable

- Strong interpersonal skills, ability to communicate and manage well at all levels of the organization and with staff at remote locations essential.
- Strong problem solving and creative skills and the ability to exercise sound judgment and make decisions based on accurate and timely analyses.
- High level of integrity and dependability with a strong sense of urgency and results-orientation.
- Skilled team builder in accounting with a high growth company.
- Proficient in various accounting software programs and how they would work best with different companies at different stages in their business cycle.
